## PROJECTS

## VRKNN.NET

<https://vrknn.net/>

A responsive home page to host and showcase my projects, alongside contact details. Made with React, using Hooks.

## TIMER

<https://vrknn.net/timer>

A responsive timer app made with React, using Hooks and Context API.

## DICE

<https://vrknn.net/dice>

A responsive multi-faced dice roller app made with React, using Hooks.

## RECIPES

<https://tryberrecipes.vercel.app/>

A responsive recipe tracker and discovery app made with React, using Hooks, Context API and APIs from The MealDB and The CocktailDB.

This project was a group effort exploring work in a real-life scenario of frontend development teams.

## SKILLS

- Frontend and Web development
- Native Portuguese and C2 level English
- Microsoft Office package (Word, Excel, PowerPoint, SharePoint)
